Progress payments will be based upon estimated quantities of completed contract unit price items or upon estimated percentages of completion of the schedule of lump sum values of labor and materials incorporated into the Work on the last day of each month or other mutually agreed regular monthly date ending the progress payment period.

5.2 Retainage. Retainage shall be withheld and payments will be made by the OWNER in the payment amount of: 1) ninety percent (90%) of the approved payment applications for projects with contract prices of less than \$500,000; or 2) ninety-five percent (95%) of the approved payment applications for the projects with contract prices of \$500,000 or greater.

It is currently anticipated that the Community Center will cost approximately eleven million, eight hundred eight thousand, eight hundred dollars and 00/100 (\$11,808,800.00). Use of the Grant Funds provided under this Agreement is contingent upon verification by the OCD of the initial and continued availability of additional funding sources. In the event that any portion of the additional funding sources is deemed by the OCD to be unavailable or thereafter become unavailable, the OCD may in its discretion deem as acceptable alternate sources of funding for the Community Center which the Grantee demonstrates are available to it for completion of the Community Center.

Grantee may increase the size of the Community Center with the OCD's written approval without the need to amend this Agreement. Such approval shall not be deemed to entitle Grantee to any additional funds under this Agreement.

- VI. Section "III (A): Term of Agreement" is deleted in its entirety and the following is substituted in lieu thereof:

**A. Term of Agreement**

The term of this Agreement, subject to all requisite consents and approvals as provided herein, shall commence on the date hereof and continue in full force and effect until Grantee has completed all requirements of this Agreement in

accordance with, and subject to, the terms and provision hereof, including the closeout of every project funded in whole or in part by this Agreement.

VII. Section "V (F): Use and Reversion of Assets" is deleted in its entirety and the following is substituted in lieu thereof:

The use and disposition of immovable property, equipment and remaining Grant Funds under this Agreement shall be in compliance with all CDBG regulations, which include but are not limited to the following:

1. Grantee shall transfer to the OCD any Grant Funds on hand and any accounts receivable attributable to the use of funds under this Agreement at the time of expiration, cancellation, or termination.
2. Immovable property under Grantee's control that was acquired or improved, in whole or in part, with funds under this Agreement in excess of \$25,000 shall be used to meet one of the CDBG National Objectives set forth in 24 CFR 570.208 until five (5) years after the closeout of the individual projects associated with the particular immovable property or expiration of this Agreement, whichever occurs first (or such longer period as the OCD deems appropriate). If Grantee fails to use such immovable property in a manner that meets a CDBG National Objective for the prescribed period of time, Grantee shall pay to the OCD an amount equal to the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for the acquisition of, or improvement to, the property. Such payment shall constitute program income to the OCD. Grantee may retain real property acquired or improved under this Agreement after the expiration of the five-year period described above, or such longer period as the OCD deems appropriate.
3. In all cases in which equipment acquired, in whole or in part, with Grant Funds is sold, the proceeds shall be program income (prorated to reflect the extent to which funds received under this Agreement were used to acquire the equipment). Equipment not needed by Grantee for activities under this Agreement shall be (a) transferred to the OCD for the CDBG program or (b) retained by Grantee after compensating the OCD an amount equal to the current fair market value of the equipment less the percentage of non-CDBG funds used to acquire the equipment.

VIII. It is further agreed and understood that the language in this Amendment shall supersede any language to the contrary contained in the Agreement and that all other terms and conditions of the Agreement shall remain the same, unchanged and in full force and effect.
